MISSION

Our mission is to connect households and organizations to suitable domestic workers through structured sourcing, practical training, and transparent assessment, while providing advisory support that helps homes and employers manage domestic work effectively.

VISION

Our vision is a domestic labour environment where:

- Homes function with calm, respect, and predictability;
- Domestic work is treated as structured and dignified labour;
- Employers understand their responsibilities;
- Domestic workers are prepared, not misled;
- Domestic staffing is professional, ethical, and transparent.

OUR PHILOSOPHY

At Maidmatch, we believe that peaceful homes are built on clarity, structure, and honesty.

Most challenges in domestic work arise not from bad intentions, but from:

- Unclear expectations
- Poor preparation
- Lack of guidance and structure

Our philosophy is to replace confusion with order, assumptions with information, and informal arrangements with clear processes while preserving dignity on both sides of the relationship.
